CAMPUS PLAN

75 Years of Intech Mission

It all started 75 years ago, when an art enthusiast of a visiting high level Japanese delegation saw the picturesque setting of Gundanjaneya Temple area in Somanahalli Village, Bolare P.O., off Kanakapura Road, and brought a parallel between Rabindranath Tagore's Shantiniketan and this piece of naked Indian countryside. This comment was crystallized as INTECH IBM on the moonlit, twinkle starred night of 31st December 1939. INTECH MISSION is a platform with 75 years history!, started by illustrious soldiers of erstwhile Mysore and English armies. By the year 1989, Intech IBM was offering the most coveted Program "Post-Graduate Diploma in Business Management" (PGDBM). In the year 1993-94. The Bangalore University and All India Council for Technical Education, AICTE, recognized the Institute as a Post-Graduate Center, which imparts Management Education, "Masters in Business Administration" (MBA).

INTECH IBM is now a full-fledged multilocal residential Education System offering courses in Management, Computer Science, Fine Arts, Performing Arts, Hotel & Tourism and sister institutions offering courses in Health Sciences and allied areas.

INTECH, a spiritual movement, looks beyond materialistic aspirations of society. A strong leaning to classical thinking of world personalities Gautama Buddha, Jehovah, Basavanna, Thoreau, Mahatma Gandhi, Swami Vivekananda Babasaheb Ambedkar, Subash Chandra Bose, Jiddu Krishnamurthy... and this reflection is seen in all our pursuits, with advocacy to holistic middle path to life.

The "INTECH STUDY" and the Library is open to all members of Humanity for short stay on the Intech Campus for self actualisation at Both Mysore & Bangalore Campus.
